Ready To Use  
STAIN REMOVER  
SAFETY DATA SHEET

**Section I: Product & Company Identification**

**Product Name:** Ready To Use Stain Remover.  
**Product Use:** Cleaning poultice for removing stains on natural stone.  
**Company Name:** Easy Stone Care, Inc.  
**Address:** 72091 Woburn Court, Suite D  
Thousand Palms, CA. 92276  
**Phone:** 760-464-0077 (Mon-Fri 8:00 AM - 5:00 PM Pacific Standard Time)  
**Emergency Phone:** CHEMTREC 1-800-424-9300 CCN 721849

**Section II: Hazardous Component Identification**

<u>CHEMICAL NAME:</u>	<u>CAS NO.</u>	<u>TVL</u>	<u>OSHA/PEL</u>
Ammonium Salt*	*	Not Established	Not Established
Sodium Salt*	*	Not Established	Not Established
Magnesium Aluminum Silicate	8031-18-3	5 mg/m <sup>3</sup> (respirable)	5 mg/m <sup>3</sup> (respirable)
Ethylene Diamine Tetra Acetic Acid	64-02-8	NE	NE
Crystalline Quartz (0-5% of product)	14808-60-7	0.1 mg/M <sup>3</sup> (respirable)	0.1 mg/M <sup>3</sup> (respirable)

\*Specific chemical identity and percentage content withheld as trade secret pursuant to OSHA guidelines

**Section III: Composition**

Ammonium Salt	
Sodium Salt	
Magnesium Aluminum Silicate	Fullers Earth
Ethylene Diamine Tetra Acetic Acid	EDTA
Crystalline Quartz	Free Silica

## Section IV: Physical Information

<u>NAME</u>	<u>BOILING POINT</u>	<u>VAPOR PRESSURE</u> (mm Hg)	<u>VAPOR DENSITY</u> (Air = 1)	<u>EVAPORATION</u> RATE
Ammonium Salt	>140°F	>60.0 (77°F)	>0.6	N/A
Sodium Salt	N/A	N/A	N/A	N/A
Magnesium Aluminum Silicate (fullers earth)	N/A	N/A	N/A	N/A
Ethylene Diamine Tetra Acetic Acid	N/A	N/A	N/A	N/A
Crystalline Quartz (Free Silica)	N/A	N/A	N/A	N/A
Ready To Use Stain Remover	<u>SPECIFIC GRAVITY</u> 1.14 - 1.26	<u>Ph</u> 9 - 10	<u>SOLUBILITY IN WATER</u> Partial	<u>APPEARANCE AND ODOR</u> Grey paste, mild odor

## Section V: First Aid

**EYE CONTACT:** May cause moderate eye irritation and redness. If irritation persists, flush with water for 15 minutes, holding the eyelids open to ensure flushing of the entire eye surface. If irritation continues after flushing, get immediate medical attention

**SKIN CONTACT:** May cause slight skin irritation with redness and pain. Flush surface of skin with water for 15 minutes. If irritation continues to persist, seek medical attention.

**INGESTION:** DO NOT INDUCE VOMITING! Dilute by drinking large amounts of water or milk if immediately available. If unconscious, do not give anything by mouth. Get medical attention immediately

**INHALATION:** May cause irritation to throat and respiratory tract. Get fresh air immediately. If breathing is difficult, give oxygen if available.

Carcinogen Information: Inhalation: WARNING: this product contains crystalline silica. Repeated, prolonged inhalation of dust may cause delayed lung injury, which may result in silicosis or pneumoconiosis. The International Agency For Research On Cancer in its publication, "IARC Monographs On The Evaluation Of The Carcinogenic Risk To Humans-Silica, Some Silicates, Coal Dust and Para-aramid Fibrils"-Volume 68, 1997, has concluded that there is sufficient evidence to humans. The National Toxicology Programs ("NTP's") Sixth Annual Report on Carcinogens, 1991, list crystalline silica (respirable) as a substance that may reasonably be anticipated to be a carcinogen. In humans, a number of studies have found an association between lung cancer and exposure to dust containing respirable crystalline silica. In many of these studies, though not at all, lung cancer risks were elevated and could not be explained by confounding factors such as cigarette smoke or arsenic or radon inhalation. While the IARC working group concluded there was sufficient evidence in humans for the carcinogenicity of inhaled crystalline silica in the form of quartz or cristobalite, it noted that carcinogenicity in humans was not detected in all circumstances studied. NOTE: The State of California requires the following statement: "Airborne particles of respirable size crystalline silica are known to the State of California to cause cancer"

## Section VI: Fire & Explosion Hazard Data

<b>FLASH POINT:</b>	>212F
<b>FLAMMABLE LIMITS:</b>	Not determined
<b>EXTINGUISHING MEDIA:</b>	Use any means suitable for extinguishing fire.
<b>SPECIAL FIREFIGHTING PROCEDURES:</b>	Not considered to be a fire hazard
<b>UNUSUAL FIRE &amp; EXPLOSION HAZARDS:</b>	Small quantities of ammonia gas may form if product is heated or on fire.

## Section VII: Accidental Spill Procedures:

**SMALL & LARGE SPILLS:** Wear appropriate protective clothing and equipment. Dike area to contain the spill and prevent from running into drains. Pick up residual material for proper disposal.

## Section VIII: Handling & Storage

Keep in a cool, dry place in a sealed container. Avoid excessive heat or freezing temperatures. Wear appropriate gloves and skin protection when applying or transferring to another container. Avoid breathing fumes and vapor.

## Section IX: Personal Protection & Exposure Control

**RESPIRATORY PROTECTION:** Use NIOSH/MSHA approved respiratory protection when proper environmental control is not available. NIOSH approved dust and mist respirators are to be used when handling dry product.

**VENTILATION:** Ventilation should be sufficient enough to remove airborne mists and odor

**PROTECTIVE CLOTHING:** Wear protective clothing as necessary to prevent prolonged skin contact.

**EYE PROTECTION:** Wear safety glass with side shields when applying large amounts. Use proper goggles when pressure washing. If product contacts eye, remove contact lenses immediately to avoid additional irritation.

## Section X: Reactivity

**STABILITY:** Stable

**CONDITIONS TO AVOID:** Extreme heat

**INCOMPATIBILITY:** Strong acids and strong oxidizing agents

**HAZARDOUS, COMBUSTABLE, OR DECOMPOSITION PRODUCTS:** Carbon monoxide, carbon dioxide, oxides of nitrogen, ammonia.

## Section XI: Toxicology

No toxicology information is available for this material

## Section XII: Ecological Information

When used according to the instructions, this material has never been found to pose a threat to the environment or pose any ecological problems

## Section XIII Disposal Procedures

Dispose of in accordance with state and federal regulations.

## **Section XIV: Transport Information**

NMFC # 48580 sub 3 Non-hazardous cleaning compound

Class Rate: 55

## **Section XV: Regulatory Information**

**SHIPPING:** Not regulated in domestic or international shipping

## **Section XVI: Miscellaneous Information**

MSDS last updated: February 4th, 2015

The information contained on the Material Safety Data Sheet has been compiled from data considered accurate. This data is believed to be reliable, but it must be pointed out that values for certain properties are known to vary from source to source. EASY STONE CARE, INC. expressly disclaims any warranty express or implied as well as any liability for any injury or loss arising from the use of this information or the materials described. This data is not to be construed as absolutely complete since additional data may be desirable when particular conditions or circumstances exist. It is the responsibility of the user to determine the best precautions necessary for the safe handling and use of this product for his unique application.
